Emu Oil Capsules Fact Sheet

How Emu Oil Capsules can benefit you...

- Aid in the relief of arthritic pain
- Reduce inflammation associated with arthritis
- Assist in the maintenance of general well-being
- Lower cholesterol levels
- Reduce inflammation associated with digestive disorders
- Assists in treating skin conditions including dermatitis, eczema and psoriasis

Emu Oil Capsules are 100% therapeutic grade Pure Emu Oil in a gelatine capsule with no additives or preservatives. Each capsule contains 750mg of emu oil, making them a suitable size for children also. They are easy to swallow, leave no after taste, do not interfere with other medications and have no known side effects. Emu Oil is high in Vitamins A, E and F eliminating the need to take additional multi-vitamins.

Emu Oil is also a natural source of Omegas 3, 6, and 9. Omegas 3, 6, and 9 contain essential fatty acids that are necessary for good health. They have anti-inflammatory properties, are necessary for efficient brain function, protect against cardiovascular disease, arthritis, skin conditions, depression and mood disorders, and provide healthy skin, hair and nails. The human body is not capable of synthesizing these unsaturated fatty acids that are nutritionally essential, so it is vital that they are obtained through food. Emu Tracks Emu Oil Capsules provide a convenient method of providing adequate amounts of Omega fatty acids for health and well-being.

Leading institutions are currently researching the benefits of Emu Oil taken internally in the treatment of Mucositis, a common condition with serious side effects experienced by cancer patients when undergoing chemotherapy. A report concluded that, "Emu Oil decreased acute inflammation in the chemotherapy-damaged intestine and improved small intestinal re-growth after damage."

Research is also being conducted to explore the benefits of Emu Oil for conditions such as Irritable Bowel Syndrome, Crohn's Disease and other gastro-intestinal disorders. Early indications from this research look extremely positive and show Emu Oil to be highly beneficial.

Emu Tracks Emu Oil Capsules are listed with the TGA as a therapeutic product (AUST L 114987) and are manufactured in a TGA licensed facility.
