

The World's Finest and Most Natural Range of Emu Oil Products

Fact Sheet - Emu Oil for Pets

Emu Tracks Emu Products are the natural alternative for a healthier, happier pet!

The 100% natural oil provides relief to many health problems that your Dog, Cat, Horse, Rabbit, Cavy or Bird may suffer from including the following...

Coat Conditioning	Rashes	Skin Irritation
Hair and Fur Growth	Arthritic Joints	Hotspots
Muscular Pain	Dry Skin	Swelling
Tendon Damage	Greasy Heel	Hoof Complaints
Wound Healing	Insect and Flea Bites	Mange

Pure Emu Oil is beneficial due to its powerful anti-inflammatory properties and superior penetrating properties that enable the oil to penetrate the skin and deliver essential moisture and nutrients deep beneath the surface. Because of this effective transportation, the oil goes directly to the source of the problem area or injury to provide relief.

Emu Oil has the ability to aid in the regeneration of skin tissue, thereby promoting faster healing of wounds and reduced scarring. Its anti-inflammatory properties assist in the treatment of a wide variety of conditions including muscle, joint and arthritic problems. Emu oil is high in vitamins A, E, and F and is an excellent natural moisturiser. It is also hypo-allergenic, making it ideal for sensitive skin. Emu oil is safe to use with other treatments, can be taken externally or internally, and will yield best results when applied regularly.

Most common applications for Dogs, Cats, Cavies and Rabbits

Fur and Coat

Revitalise and condition a dull coat and make it soft and manageable

Rashes and Itching

Soothe irritated skin while reducing redness and irritation. Also a great solution for soothing flea bites.

Joint and Muscle Problems

Reduce inflammation and discomfort by massaging into the affected area.

Most common applications for Horses

Wounds and scarring

Aid in the regeneration of skin tissue, thereby promoting faster healing of wounds and reduce scarring.

Hoof problems

Moisturise hooves to make them less brittle.

Burns (including sunburn)

Replenish lost moisture, reduce scarring and pain.

Muscular and Joint Conditions

Reduce inflammation while improving circulation and speed up the healing process.

Emu Tracks manufactures a Vet Grade Oil suitable for all Pets in 100ml, 250ml and 1 litre sizes. The Vet Grade Oil retains all the therapeutic properties of the oil but may not be as intensely filtered.

Pet Shampoo is available in 200ml size. This is free of petrochemicals, SLS and other additives.
